

## Chargebird W4

# Your power, your way.

With a 120W Chargebird W4 you can charge all of your devices lighting-fast. If your laptop supports 100W charging this charger enables you to save space compared to standard laptop adapters.

Charge up to 3 devices at the same time.

With cutting-edge GaN technology you get faster, cooler and more efficient charging.

The casing is crafted from 50% recycled material.
