Ergonomic Solutions

Clarity™
Document Support

Features:

- Maximise desk space and reduce neck and eye strain by positioning documents to a more comfortable, ergonomic viewing position.
- Seamlessly blends into any office environment with minimalistic design and premium quality clear acrylic.
- Six height adjustments to achieve your perfect viewing height
- Holds both A4 and A3 documents up to a maximum weight of 6kg.
- Independently tested to meet ergonomic requirements outlined in European Health and Safety Legislation: EN ISO 9241-5.

Specification:

Code	9731301
Colour	Clear
Product Dimensions (H x W x D)	16.00 x 53.59 x 27.78 cm
Product Weight	1.24 kg
Retail Packaging Dimensions (H x W x D)	11.79 x 58.80 x 29.79 cm
Retail Packaging Weight	1.75 kg
Outer Carton Dimensions (H x W x D)	24.48 x 31.50 x 60.01 cm
Outer Carton Weight	4.05 kg
Number of Height Adjustments	6
Height Range	16 / 17.5 / 19 / 20.5 / 22 / 23.5 cm
Angle Range	17 - 39°
Weight Capacity	6 kg
Paper Size	A4 & A3
Retail Barcode (UPC)	043859752720
Outer Carton Barcode (SCS)	50043859752725
Quantity per Outer Carton	2
Warranty	5 Years Limited

Ergonomic design
Reduce neck strain with vertical paperwork position

Clear design
Seamlessly blends into any office environment with minimalistic design and premium quality clear acrylic.

Height Adjustable
6 height settings for correct reading position

Recyclability:

Ergonomic Working:

ZONE 3 RELIEVE NECK STRAIN

Achieve comfortable reading
Ensure your eyes are in line with
paperwork by positioning it vertically.

How to use a writing / document slope

1. **Position:** Place the slope between your monitor and your keyboard keeping your documents and keyboard directly in front of your body.
2. **Check screen position:** Ensure that your main monitor is positioned at approximately arms' reach with the top of the screen roughly level with your eyes.
3. **Viewing documents:** Adjust the angle of your writing/document slope so that the top of the platform is level with the bottom of your screen. Magnets and line guides can help keep paper in place and help you navigate to text faster.
4. **Writing:** Lower the writing slope to its lowest position and pull the platform so that it is positioned over your keyboard, towards the edge of the desk. It should create a flat stable platform for writing without you having to lean forwards.
5. **Lighting:** Make sure you have suitable lighting to view your documents.

Certifications:

EN ISO 9241-5 1999 Ergonomic requirements for office work with visual display terminals (VDT's): part 5: 1999, workstation layout and postural requirements.

Aftercare:

Cleaning: Wipe over with a damp microfibre cloth. Do not use any cleaning solutions.
