## Ergonomic Working:

### ZONE 4 REDUCE INACTIVITY

#### Introduce movement.

Regular changes to your working position will help you work and feel better.

**Fellowes**

#### How to use a Sit-Stand Workstation

1. **Set your sit-stand height:** Whether sitting or standing, ensure your table is set so your forearms are horizontal, your elbows are roughly at a 90° angle, and your wrists are in a neutral position.
2. **Screen positioning:** Adjust your monitor so the top of your screen(s) are roughly level with your eyes and positioned so you can touch the screen with your fingertips.
3. **Sit, Stand and Move:** Change your position regularly, at least every hour, to increase circulation, reduce fatigue and promote productivity.

**TIP:** Use the built-in memory settings to ensure you always get the correct height.

## Certifications:

EN ISO 9241-5 1999 Ergonomic requirements for office work with visual display terminals (VDT's): part 5: 1999, workstation layout and postural requirements.

ANSI/BIFMA X5.5-2014 DESK/TABLE PRODUCTS
