SAFETY

● Dotting in the grip area provides enhanced grip

● Elastic band top

Protective gloves Flex-Dotted

Material: nylon, nitrile foam

Cuff: elastic band top

- Gloves are made from grey nylon fabric with elastane.
- Coated in the grip area with ultra-fine black nitrile foam and dotting.
- The nitrile foam coating provides very high abrasion resistance.
- The gloves provide high comfort, fit the hand perfectly, as well as have high breathability, high manuality and precise grip.
- Dotting in the grip area provides enhanced grip.
- The gloves feature enhanced resistance to oils and greases.
- OEKO-TEX® STANDARD 100

The gloves are intended for assembly, storage, mechanical, service, transport, construction, renovation, industrial, agricultural and garden works as well as hobby activities.

Material: nylon, elastane/nitrile foam
